

THE CMMS SOLUTION IDEAL FOR EDUCATION

DIMO MAINT: YOUR CMMS ALLY

DIMO Maint will help you learn and master a CMMS tool, whatever your course of study: Bachelor's in industrial Equipment Maintenance, master's in systems maintenance, Industrial Maintenance, and Industrial Engineering and Maintenance.

DIMO Maint attaches great importance to education and training. For its students, mastering a CMMS tool is an additional advantage in their future job search.

You will also find it easy to manage the maintenance of your educational material, safety elements, buildings, and more.

Simple to configure and immediately operational, the DIMO Maint CMMS combines a wealth of functionality with ease of use.

With more than 4,000 customers and several thousand users worldwide, our CMMS solutions are recognized for their power, but also for their simplicity and ease of use.

"Education is the most powerful weapon we can use to change the world."

Nelson MANDELA

Access to education for all is one of DIMO Software's values. Our work with associations enables dozens of children to go to school every year.

Many schools around the world already use the educational version of our solutions.

DIMO Maint also offers you the possibility to manage your school's infrastructures and equipment thanks to the main functionalities of the software:

- Asset management
- Intervention management
- Planning
- Stock and purchase management
- KPI Indicators
- Budget management
